RE: Lawn and Snow Service

Services are provided by JS Lawn Care. This document will serve as an explanation of the scope of work provided by this vendor.

Lawn Service:

Lawns will be mowed and trimmed once per week, or as needed. Mowing will take place around trees, bushes, utility boxes, and landscape edgings.

Four (4) weed control and fertilization applications will be completed each year.

Spring cleanup will be provided. This includes bagging clippings.

Snow Service:

Snow will be removed from private roads, driveways, and sidewalks approaching front doors. This removal will be initiated upon meeting one snow accumulation of at least 2".

If you encounter any issues, please contact the management company.

Thomas Hill |Chief Executive Officer
